

HELPING HAND

Transforming Lives

HH School

Our year round therapeutic day school serves all children with intellectual and developmental disabilities from Early Childhood to Transition. We are proud to offer high educational staff to student ratios.

Adult Day Programs

In our comprehensive Adult Programs, we create a safe space for clients to learn and develop skills for success within the community and their home to become self-reliant.

Employment Services

Our Employment Services help drive individuals to success in various stages of services including prevocational counseling, career counseling, and job maintenance.

Outpatient Programs

Our Outpatient Program therapists are specialized in pediatrics and developmental disabilities and stay up to date on the newest evidenced-based and client-centered practice. There are a variety of services to support clients and families, including: behavior therapy, mental health therapy, feeding therapy, group therapy, hearing screenings, occupational therapy, speech therapy, and teletherapy.

Residential Services

Our 14 houses in the community become homes when our quality residential team members provide genuine care and education. In this environment, staff prioritize relationship building and mental health while developing independence in skills of daily living. Through activities within the home, HH clients grow in their connection with one another developing friendships and healthy relationship skills.
